This conference is a conference on all technical topics in amateur radio.  
It is not just limited to digital technology but will no doubt include that.

We are planning to have a variety of speakers in a variety of topics:  
Topics that are included but are not limited to include: Antenna Design,  
Mobile Radio Installations, HF Digital Communications, Digital Voice  
Modes, Microcontrollers, Digital Signal Processing, APRS, WinLink2000,  
and more.

Note: All capacitors in pF and inductors in uH unless noted differently.
